

**ALL POTENTIAL DIRECTORS AND/OR PRODUCERS
PLEASE READ CAREFULLY!!!**

This chart represents VMT's default structuring of production responsibilities. It is completely open to revision for any one particular Producer's or Director's needs. All modifications need simply to be approved by the Board in advance of show approval.

VMT wishes to foster a sense of artistic collaboration AT ALL TIMES. however, we realize the need, in rare instances, for someone to have "final say" on financial and artistic issues regarding a show's production. This is our attempt to address this concern.

The dashed lines indicate the right of the Director and/or the Music Director to appeal all artistic issues directly to the Board.
